

OPTIONS BOOKLET

YEAR 8 PROSPECTUS

GREEN PATHWAY 2018-2021

Dear Parents and students

Year 8 Options Process – Green Pathway (English Baccalaureate)

Having the opportunity to choose the subjects that will make up your studies in our three year KS4 is an exciting one. It can also be daunting as it is important to make sure that your choices allow you to pursue interests and career aspirations in the future.

At Rainhill, we offer an exciting range of options to suit all abilities, skills and interests. The courses on offer to you are designed to ensure that you can meet your full potential, and this pathway could include the new English Baccalaureate should you chose to follow it. As a Media Arts College, your pathway also includes an Arts based subject. This pathway is being offered to you based on how well you have done so far. If you would like to be offered a different pathway, then you will need to discuss this with your Senior Leadership Team (SLT) Advisor.

We will try and give you every help in making your decisions about your options. You will already have been talking about career pathways during tutorial and will have completed a questionnaire about your preferred learning styles and subjects. In addition to this, you can approach your form tutor, your subject teachers or the SLT advisor attached to your tutor group. You may also find it useful to discuss the matter with older students in school or the Connexions service based in the school.

There are two evening events for Year 8 this term. On the 8th March, there will be a parents evening where you can discuss with your subject teachers how you are progressing in subjects now. On the 22nd March, there will be an evening entirely dedicated to options. This will be held in the Sports Hall, and all the subjects will be represented. It is here that you can ask staff or pupils what it is really like to study their subject. There will also be people from Connexions and Rainhill Sixth Form Centre to give you advice.

I hope that you will enjoy making these choices and coming to decisions about your future curriculum. I look forward to seeing you on both the Parents and Options evenings.

Yours faithfully,

Mr Anthony Cunningham
Deputy Head Teacher – Director of Studies

P.S. Do not forget to return your completed Option form to your form tutor by Monday 26th March 2018.

Finding your way around this booklet

In this booklet you will find information on all of the subjects available to you in this pathway.

CORE CURRICULUM

(You have to study these subjects)

GCSE English Language

GCSE English Literature

GCSE Mathematics

GCSE Trilogy Science

PE

RE, Citizenship, Health Education and Careers.

Helping you make your choices.

This key highlights the various skills and types of activity likely to be used in subjects. Use it to help you match your preferred ways of learning to different subjects.

OPTIONS

(You can choose within the blocks available to you)

Block J - Performance Subject

You must choose one performance subject from those available in the J block.

To qualify for the English Baccalaureate you must choose a Humanities subject (History or Geography) and a Modern Foreign Language subject (French, German, Spanish) from either Block K or Block L

Block K

You can choose one subject from those listed in this block

Block L

You can choose one subject from those listed in this block

Block M – You can choose one subject from those listed in this block

All options subjects are listed in alphabetical order to help you find them.

NB. You cannot combine Fine Art or Art Textiles (J) with Art Graphics (M)

CAREERS CONNECT

This key highlights the various skills and types of activity likely to be used in subjects. Use it to help you match your preferred ways of learning to different subjects. The Careers Connect service has a personal advisor available in school to help students with their choices. Faye Rafferty is available to give information and guidance on subject choice, qualifications and future careers. Students can request to see her and make an appointment for a quick chat in her office in A block. She will be available to students and parents on both the Options Evening and the Parents Evening.

E-mail: adviser@careerconnect.org.uk Contact Number: 0800 0126 606.

More information can be found at www.careerconnect.org.uk

ENGLISH LANGUAGE

WHAT DOES THE COURSE OFFER ME?

- Clearly structured papers which allow candidates to show what they know, understand and can do
- Tasks covering a range of writing skills
- Prose reading from the 20th century
- Thematically linked 19th and 21st century non-fiction reading tasks which are accessible whilst offering appropriate stretch and challenge
- A focused approach to spoken language
- This skills-based specification allows breadth of study and flexible teaching approaches and offers excellent co-teachability with GCSE English Literature
- A course that will help students develop the skills, knowledge and understanding they will need for further study, work and everyday life

WHAT DOES THE COURSE INVOLVE?

The WJEC Eduqas GCSE in English Language specification builds on WJEC's long experience of assessing reading and writing skills in a variety of contexts.

BEYOND GCSE

English Language is a core subject in the National Curriculum. It can, therefore, be studied at a higher level as a subject in its own right. The school offers extremely popular courses in A-Level English Literature and English Language A-Level.

A qualification in English continues to be demanded in all walks of life, and skills acquired in this subject can be put to positive use in almost all areas of employment.

ENGLISH LITERATURE

GCSE

CORE

HOW WILL I BE ASSESSED?

Component 1:

Shakespeare and Poetry

Written examination – 2 hours - 40% of qualification

Section A - (20%) Shakespeare

Section B - (20%) Poetry from 1789 to present day

Component 2:

Post-1914 Prose/Drama, Century Prose and Unseen Poetry

Written examination – 2 hours and 30 minutes - 60% of qualification

Section A - (20%) Post-1914 prose/drama

Section B - (20%) 19th century prose

Section C (20%) Unseen poetry from the 20th/21st century.

WHAT DOES THE COURSE OFFER ME?

- Clearly structured papers which allow candidates to show what they know, understand and can do including opportunities for close analysis of texts and opportunities for extended writing
- Questions that are designed to promote accessibility within an untiered qualification and allow all candidates a chance to succeed
- A wide choice of novels and plays, from Shakespeare to contemporary fiction that give centres a great deal of flexibility when they are choosing texts to be studied
- An exciting poetry anthology that covers poetry from 1789, including Romantic poetry, and includes some of Britain's best-loved poems alongside some less well-known works
- Thematically-linked unseen poetry which draws on WJEC's long experience of accessible but differentiating assessment of this kind.
- A skills-based approach which allows for a breadth of study and flexible teaching, and offers excellent co-teachability with GCSE English Language.

WHAT DOES THE COURSE INVOLVE?

The WJEC Eduqas GCSE in English Literature will help students develop the skills, knowledge and understanding they will need for further study and to take a general pleasure in reading.

BEYOND GCSE

English Literature is a core subject in the National Curriculum. It can, therefore, be studied at a higher level as a subject in its own right. The school offers an extremely popular course in A-Level English Literature.

This qualification is highly valued by Higher Education institutions and employers alike and skills acquired in this subject can be put to positive use in most areas of employment.

MATHEMATICS

WHAT DOES THE COURSE OFFER ME?

The study of GCSE Mathematics should enable students to:

- Develop fluent knowledge, skills and understanding of mathematical methods and concepts
- Acquire, select and apply mathematical techniques to solve problems
- Reason mathematically, make deductions and inferences and draw conclusions
- Comprehend, interpret and communicate mathematical information in a variety of forms

WHAT DOES THE COURSE INVOLVE?

Mathematics will be taught over nine one-hour periods per fortnight in Years 9 to 11. The course is organised into six broad topic areas: number, algebra, probability, ratio, geometry, probability and statistics. Problem-solving and a deep understanding of mathematics underpin the new demands of this new specification. You must be equipped with a protractor, a scientific calculator and a pair of compasses.

BEYOND GCSE

Mathematics underpins the global economy at every level so A-Levels and courses in Higher Education have become increasingly mathematical, often due to an increased emphasis on using statistics. Students studying a wide range of subjects from engineering to psychology require some level of mathematics if they are to succeed on their chosen course. A-Level Mathematics and Further Mathematics and Core Maths are different options to study in the Sixth Form.

TRILOGY SCIENCE

GCSE

CORE

HOW WILL I BE ASSESSED?

Examination (100%)

Trilogy Science GCSE will count as 2 GCSEs and will be examined in 2021 with linear written assessments

The assessments will be six written papers; two for each of Biology, Chemistry and Physics.

In addition to theory, questions will be based on a series of prescribed practical activities which are carried out throughout the course.

WHAT DOES THE COURSE OFFER ME?

- The opportunity to study a core subject in the National Curriculum
- Knowledge and understanding of the world
- A combination of a practical and academic subject

A qualification in Science continues to be highly desirable to employers and is part of the English Baccalaureate qualification that universities and employers now consider to be an important indicator of a fully rounded student.

WHAT DOES THE COURSE INVOLVE?

Biology – Study of human biology, organisms, evolution and the environment.

Chemistry – Study of the nature of substances and how they react together, how chemistry is used in business and industry, and how our use of fuels affect the local and global environment.

Physics – Study of the use and transfer of energy, as well as an insight into the nature of waves, radiation and space. They will also learn about the application of physics in the real world they live in.

BEYOND GCSE

GCSE Trilogy Science gives students a good knowledge of science and provides a firm foundation for further study at A-Level and Level 3 BTEC which can be studied in the Sixth Form.

Continue to:

A-Level Sciences (you must achieve an equivalent 5:5 grade minimum)

Careers in Science based subjects including: Engineering, Medicine, Nursing and Veterinary Science.

CITIZENSHIP

WHAT DOES THE COURSE OFFER ME?

Citizenship will give pupils the knowledge, skills and understanding to play an effective role in society at local, national and international level. It will help students become informed, thoughtful and responsible citizens who are aware of their duties and rights and those of others. It will also promote spiritual, moral, social and cultural aspects which will develop self-confidence and personal responsibilities in and beyond the classroom. Health Education promotes how best to keep healthy and be able to access levels of risk by considering lifestyles adopted by various ages groups. Careers Education develops the skills of independence in solving problems, making decisions and plans for the future as students emerge in to young adults.

WHAT DOES THE COURSE INVOLVE?

At the end of KS4 students will have comprehensive knowledge and understanding of rights, responsibilities, duties as citizens, forms of government, criminal and civil justice system, legal and economic systems to be able to form and express an opinion. Students will explore other peoples lifestyles, attitudes and decisions and use this to consider ways of keeping safe and where help is provided. They will identify qualities needed in a relationship to help in future roles as parents and gain knowledge of caring for themselves in intimate relationships. The impact of drug use on lifestyles is considered by gaining a wider perspective of drug use in society. Develop an understanding of how exercise promotes wellbeing and improve mental and physical health. Students will be given guidance about self-awareness, options that will shape their future, and experience the world of work through work experience, mock interviews, exposure to future options after school either apprenticeships or further and higher education and the importance of economic wellbeing. This is supported by the Connexions sen/ice based in school who offer individual interviews to develop action plans and information.

CORE

HOW WILL I BE ASSESSED?

Students will evaluate the effectiveness of bringing about change at different levels of society and their own attitudes towards health and future plans. School and community based activities encourage students to evaluate their experiences critically.

Students will demonstrate personal and group responsibility in their attitude to themselves and others.

Work experience will be offered to some students who follow a vocational course to support choice of progression course at aged 16.

The mock interview process will give direct feedback to the student on the suitability of their application.

BEYOND GCSE

To be successful on this course you will need to have a willingness to play a helpful part in school life, neighbourhood and the wider world. A mature respectful attitude of a wide range of diversity aspects with the ability to discuss ideas sensitively. Be responsible in accepting, making and justifying personal choices and decisions.

PE - GAMES

CORE

HOW WILL I BE ASSESSED?

There will be no formal assessment in this subject

WHAT DOES THE COURSE OFFER ME?

PE/Games will allow all students to undertake a range of activities which will allow them to develop practical skills in their chosen field as well as develop and maintain a healthy and active life style through their participation in a physical activity.

WHAT DOES THE COURSE INVOLVE?

Throughout the year students will be placed on a carousel of different activities which they will be able to undertake for 1 hour per week. This will help to keep them both physically and mentally fit given the increasing emphasis on healthy lifestyle and establishing good habits for life.

BEYOND GCSE

PE is a core subject in the National Curriculum.

It can therefore be studied at a higher level as a subject in its own right. The skills learnt here link well with both A-Level PE and also to a BTEC National qualification. A qualification in Physical Education continues to be a vital tool for all walks of life, and skills acquired in this subject can be put to positive use in almost all areas of employment.

ART GRAPHICS

WHAT DOES THE COURSE OFFER ME?

- The aims of this course are to develop a range of drawing and digital skills that translate from initial design ideas right through to computer realisations
- Students will learn how to successfully use sophisticated industry standard software such as Adobe Photoshop, Illustrator and InDesign
- Students will be given opportunities to work on real design brief situations, following all steps in the design process from idea concepts to final completed outcomes
- Alongside the technical aspect of the course, students will also investigate and learn to contextually understand the works of key designers, under standing how they communicate their meaning visually.
- Pupils will work in a highly creative and stimulating environment, learning from innovating schemes of work that help facilitate accelerated creativity and progression within the Arts

WHAT DOES THE COURSE INVOLVE?

The Graphic design course is based around creating initial drawings/ideas - developing and experimenting and creating final images with the help of Adobe CS6.

Topics include – Typography / Digital Manipulation / Poster Design / Advertising / Brand Identity / Logo Design / Digital Drawing / Vector Creations.

GCSE	OPTION
<h3>HOW WILL I BE ASSESSED?</h3> <p>When addressing the requirements of the new 'written element', students must record their ideas, observations and insights both visually and through written annotation using a sketchbook / visual journal, as work progresses. Annotation must be explicitly evidenced in both coursework and exam work.</p> <p>Coursework (60%) In Year 9 pupils learn to explore a range of various design and multimedia techniques to create experimental graphic design. Throughout year 10, pupils choose to explore a personal investigation on a chosen topic / theme and create a portfolio of design work.</p> <p>Examination (40%) One examination worth 40% of the marks set by the exam board AQA. BUSINESS STUDIES

WHAT DOES THE COURSE OFFER ME?

Studying Business will allow you to develop a broad range of skills and explore a variety of topics including:

- How businesses are run, considering both internal and external influences
- An awareness of the opportunities and needs of different markets
- The skills to create your own business in the future or study further business related courses in the Sixth Form
- Development of practical and logical thinking skills
- Development of a skillset that employers see as essential

WHAT DOES THE COURSE INVOLVE?

The course will involve studying all aspects of business, focusing on the four main functional areas; Production, Marketing, Finance and Human Resources. The course will develop your analytical and evaluative skills through the study of real life business examples.

TECH AWARD

BEYOND GCSE

Business Studies allows students to progress through a variety of pathways. Many students choose to attend Rainhill Sixth Form and complete further study in Business Studies, Economics or both at A-Level.

Business Studies is also one of the sought after qualifications by employers, who value the qualification as a key employability indicator.

DANCE

TECH AWARD

OPTION

HOW WILL I BE ASSESSED?

Internal assessment

Components 1 and 2 are assessed through internal assessment. This style of assessment promotes deep learning through ensuring the connection between knowledge and practice.

Synoptic external assessment

Component 3 builds directly on Components 1 and 2 and enables learning to be brought together and related to a real-life situation. The external assessment takes the form of a set task taken under supervised conditions that are then marked and awarded a grade awarded by Pearson. Learners are permitted to resit the external assessment once during their programme by taking a new assessment.

The external assessment contributes 40 per cent of the total qualification GLH.

WHAT DOES THE COURSE OFFER ME?

You will study the following units:

- Exploring the Performing Arts
- Developing Skills and Techniques in the Performing Arts
- Performing to a Brief

You will take part in a minimum of two professional performance opportunities in a theatre each year in addition to attending the wide range of extra-curricular opportunities on offer.

WHAT DOES THE COURSE INVOLVE?

The qualification gives learners the opportunity to develop sector-specific knowledge and skills in a practical learning environment. The main focus is on four areas of equal importance, which cover the:

- Development of key skills that prove your aptitude in performing arts such as reproducing repertoire or responding to stimuli in a range of dance styles such as Jazz, Contemporary, Commercial Dance and Choreography.
- Process that underpins effective ways of working in the performing arts, such as development of ideas, rehearsal and performance attitudes that are considered most important in a wide range of professional industries, including personal management, discipline, prioritisation, confidence and communication
- knowledge that underpins the effective use of skills, process and attitudes in the sector, such as creative industry roles, responsibilities, performance disciplines and styles

BEYOND GCSE

The performing arts are a major part of the creative and cultural industries in the UK. Overall, the industry contributes £3.5 billion to the UK economy. There are 5,480 businesses and 101,593 people working in the performing arts sector. Study of this sector at Key Stage 4 will complement GCSE study through providing an opportunity for practical exploration and application alongside conceptual study, leading to strong opportunities to progress post-16.

FOOD & CATERING

WHAT DOES THE COURSE OFFER ME?

This new Technical Award in Food and Catering has a focus on creativity and is ideally suited to learners with a preference for practical, rather than theoretical learning. This vocational qualification fulfils entry requirements for academic and vocational study on post-16 courses and counts as equivalent to one GCSE at Key Stage 4. Therefore it is tailored towards a student who either wants to continue to studying Food at KS4 or wants a career in Food or Catering in the future.

WHAT DOES THE COURSE INVOLVE?

Learners will be expected to make a range of food products and develop skills related to commercial food preparation including food hygiene / safety, food presentation and considering production in quantity. They will be expected to plan meals and select recipes and cooking methods to ensure that food meets customer needs and preferences and is appropriate for a given occasion. They will have the opportunity to use a wide range of practical skills and techniques, gaining an understanding of catering and an awareness of related career paths.

TECH AWARD

OPTION

HOW WILL I BE ASSESSED?

This qualification is split into 3 units. Units 1 and 2 are internally assessed and unit 3 is an externally assessed exam.

Internal Assessment (60%)

Unit 1: (30%) A number of practical outcomes will be produced to demonstrate their competence in 12 core skills. A folder of photographic evidence will be produced for moderation

Unit 2: (30%) This is an extended making project where students will showcase their skills and knowledge in response to a brief. A small portfolio will be produced for moderation

Examination (40%) One 1 hour 30 minute examination paper. This consists of two sections:

Section A: Contains 20 multiple choice questions

Section B: Contains a mixture of short-answer and extended-response questions

BEYOND GCSE

Students may decide to use this qualification to continue with further study. Upon completion, students can progress to Technical Certificates and other Level 3 Vocational qualifications such as the Diploma in Professional Cookery or the Diploma in Professional Patisserie. Alternatively, this qualification gives young people the preparation they need to take up an apprenticeship in the food and catering industries. As well, students may use the value of this qualification towards the entry requirement for any other academic post-16 course of their choice. Finally, this course will give all students vital life skills.

FRENCH

GCSE	OPTION
<h3>HOW WILL I BE ASSESSED?</h3> <ul style="list-style-type: none"> Listening (25%); Speaking (25%) <ul style="list-style-type: none"> General conversation Photo card Role play; Reading (25%) <ul style="list-style-type: none"> Including translation from French; Writing (25%) <ul style="list-style-type: none"> Including translation into French; All examinations are sat as terminal examinations at the end of the course; All examinations (including speaking) are internally conducted but externally assessed. 	

WHAT DOES THE COURSE OFFER ME?

- Within today's job market, multilingualism is almost certainly a necessity. France, Spain, Latin America and Germany are among Britain's major trading partners as well as being popular tourist destinations.
- The course will enable you to develop the verbal and written communication skills in the languages of these countries, as well as providing you with greater cultural understanding.

WHAT DOES THE COURSE INVOLVE?

The new style GCSE specification, which was introduced for first examination in 2018, is designed to be more rigorous and touch on a wide variety of daily life. Students will learn interaction, grammar and nuance through three themes. Identity and Culture explores relationships, marriage and partnership, social media, mobile technology, music, cinema, food, sport, customs and festivals. Local, National, International and Global Areas of Interest focuses on hometown and neighbourhood, charity work, healthy living, the environment, poverty, homelessness, travel and tourism. The final theme, Current and Future Study and Employment delves into studies, life at school, post-16 education, jobs and ambitions.

The topics and structure are the same for French, German and Spanish and you will have the opportunity to embark on school trips to the country/countries of study throughout the duration of your course.

BEYOND GCSE

After GCSE you can continue your language studies in the Sixth Form.

Universities offer a wide range of language courses, often in combination with other disciplines, such as business studies, law, economics, etc.

A knowledge of a foreign language is highly valued by employers both as a practical skill and as evidence of higher order thinking skills.

GEOGRAPHY

WHAT DOES THE COURSE OFFER ME?

The GCSE Geography course aims to stimulate pupils' interest in Geography, develop a sense of place and an appreciation for the environment and help them to act in an informed and responsible way. Students acquire knowledge and understanding of a range of places, environments and geographical patterns and develop their understanding of the physical and human processes, including decision-making, which affects their development.

WHAT DOES THE COURSE INVOLVE?

Over the three-year course, pupils will study a number of topics based around both physical and human geography. The GCSE specification is divided into some interrelated themes which are studied on local, national and global scales. Physical Topics studied will include coasts and coastal management, ecosystems, rivers, weather and climate (hurricanes) and plate tectonics (Earthquakes and Volcanoes). Human Topics explored will include changing urban areas, development, resources and population. During the course you may also be invited on two local field trips to collect data for the skills exam, gaining an understanding of catering and an awareness of related career paths.

BEYOND GCSE

Employers and universities value Geography for the generic skills it teaches students. Employers are looking for people who can make good decisions, solve problems and look at issues from more than one angle. These skills are at the centre of this course. GCSE Geography is an excellent foundation for A-Level Geography. It also involves a lot of skills that are of value across modules and other subjects. Geography is considered as both a Science and a Humanities subject and therefore leads to a wide range of careers. As an A-Level it gives access to most degree subjects.

GERMAN

GCSE	OPTION
<h3>HOW WILL I BE ASSESSED?</h3> <ul style="list-style-type: none"> • Listening (25%); • Speaking (25%) <ul style="list-style-type: none"> ◦ General conversation ◦ Photo card ◦ Role play; • Reading (25%) <ul style="list-style-type: none"> ◦ Including translation from German; • Writing (25%) <ul style="list-style-type: none"> ◦ Including translation into German; • All examinations are sat as terminal examinations at the end of the course; • All examinations (including speaking) are internally conducted but externally assessed. 	

WHAT DOES THE COURSE OFFER ME?

- Within today's job market, multilingualism is almost certainly a necessity. Germany, Austria, Switzerland, France and Spain are among Britain's major trading partners as well as being popular tourist destinations.
- The course will enable you to develop the verbal and written communication skills in the languages of these countries, as well as providing you with greater cultural understanding.

WHAT DOES THE COURSE INVOLVE?

The new style GCSE specification, which was introduced for first examination in 2018, is designed to be more rigorous and touch on a wide variety of daily life. Students will learn interaction, grammar and nuance through three themes. Identity and Culture explores relationships, marriage and partnership, social media, mobile technology, music, cinema, food, sport, customs and festivals. Local, National, International and Global Areas of Interest focuses on hometown and neighbourhood, charity work, healthy living, the environment, poverty, homelessness, travel and tourism. The final theme, Current and Future Study and Employment delves into studies, life at school, post-16 education, jobs and ambitions.

The topics and structure are the same for French, German and Spanish and you will have the opportunity to embark on school trips to the country/countries of study throughout the duration of your course.

BEYOND GCSE

After GCSE you can continue your language studies in the Sixth Form.

Universities offer a wide range of language courses, often in combination with other disciplines, such as business studies, law, economics, etc.

A knowledge of a foreign language is highly valued by employers both as a practical skill and as evidence of higher order thinking skills.

HISTORY

WHAT DOES THE COURSE OFFER ME?

This is a fantastic course which provides the opportunity to acquire a wealth of interesting subject knowledge. Studying History at GCSE level offers a range of important skills:

- Learning how to recognise bias not only in historical sources but also in the media and the world around you
- Compiling reports and learning how to communicate and convey information clearly and effectively

You have the opportunity to learn in a well-resourced environment. In addition to learning in the classroom, in recent years there have also been enrichment opportunities. For example, GCSE History students have the chance to take part in trips such as visiting the WW1 Battlefields, Berlin, Germany and visiting the Thackray Museum, Leeds

WHAT DOES THE COURSE INVOLVE?

Year 9 you will undertake half a year of studying 'History Mysteries' which will allow you to build GCSE skills by investigating some of History's most discussed and controversial debates. For example, 'Who was Jack the Ripper?', 'Who shot JFK?', 'Why was the Civil Rights Movement so important?' and 'Can terrorism ever be justified?' The GCSE course will then commence. The GCSE course we offer is AQA HISTORY:

Paper 1: Understanding the Modern World:

- Germany 1890-1945: Democracy and Dictatorship
- Conflict and tension in Asia, 1950-1975

Paper 2: Shaping the Nation:

- Britain: Health and the people: c1000 to the present day
- Elizabethan England, c1568-1603

BEYOND GCSE

History GCSE is an excellent foundation for A-Level History. It is an academic subject that is highly respected at colleges, universities and with employers leading to careers in media, journalism, the police, the armed forces, accountancy, administration, law, teaching, politics and banking.

ICT

TECH AWARD

OPTION

HOW WILL I BE ASSESSED?

Coursework (75%)

Practical skills-based unit; this is based on a particular theme/ scenario/event. You will use a variety of digital tools to create digital products, which you will then review. Externally assessed.

Examination (25%)

In this unit, you will learn about how digital technology impacts individuals, organisations, and society. What current/ emerging technologies are and their uses. You will understand the issues, and risks with using technology and much more.

WHAT DOES THE COURSE OFFER ME?

This is a vocationally-related qualification that takes an engaging, practical and inspiring approach to learning and assessment. The everyday use of ICT, from PCs to smartphones, now impacts all of our lives. This new BTEC First Award in Information and Creative Technology reflects this and provides students with a solid understanding of the subject which they can use in their working lives.

WHAT DOES THE COURSE INVOLVE?

ICT students will develop technical skills, knowledge and the ability to communicate clearly at all levels, to plan and to manage a project.

Two project themes are covered:

- Business - explores the ICT needs of businesses and provides learners with transferable skills necessary for the workplace or as they progress to study further
- Creative - focuses on multimedia components, the power of digital imagery or creating a dynamic product using sound and vision.

BEYOND GCSE

Skills acquired through ICT will support entry into work or progressions to further studies through further education. A qualification in ICT is still demanded by many employers and colleges, and the practical nature of ICT demonstrates an ability to use ICT rather than just understand it.

MEDIA STUDIES (DIGITAL)

WHAT DOES THE COURSE OFFER ME?

- BTEC Tech Award - Creative Media Production course makes learning interesting, challenging, creative and collaborative.
- It develops skills of enquiry, critical thinking and decision making through consideration of issues that are relevant, real and important for understanding the world they experience.
- It also offers an appreciation and critical understanding of the media and its role in daily lives
- The course studies the four areas of theory in media language, representation, industries and audiences

WHAT DOES THE COURSE INVOLVE?

Component 1 – In this component you will explore:

- Content and purpose of digital media products
- Style and the use of digital design principles
- Idea generation and the production process
- Industry regulations and professional practices.

Component 2 - you will:

- Experiment with a variety of media production skills and techniques
- Apply the technical skills that they learn
- Reflect on their progress and use of skills, as well as how they could improve.

Component 3 – you will:

- Learn how to respond to a media brief
- Plan their response to the brief
- Apply skills and techniques to a production
- Justify the process and outcome that they have developed
- Reflect on their application of skills, time management and use of resources.

BEYOND GCSE

The UK leads the way worldwide in the study of media related subjects; globally media industries are worth £977 billion. Media Studies naturally leads to careers in journalism, film/TV, marketing, advertising or public relations, but an awareness of how the world of media can also support other careers, such as business, social work, law, medicine and education.

MUSIC

GCSE

OPTION

HOW WILL I BE ASSESSED?

Component 1

Integrated Portfolio- 30%
Performance on the learner's chosen instrument.
Composition to a brief set by the pupil.

Component 2 - Practical 30%

Ensemble performance and composition.

Listening exam – 40%

1 hour 30 minute listening exam covering a wide range of music.

WHAT DOES THE COURSE OFFER ME?

GCSE Music is suitable for all students with a love of and interest in music. It is a particularly good option for those who already play an instrument as these skills count towards your final grade. In addition to developing music based skills, students also develop many general skills such as independent learning, research techniques, planning and problem solving.

WHAT DOES THE COURSE INVOLVE?

Studying Music to GCSE allows students to extend and develop their skills and knowledge in the three key areas of Listening, Composing and Performing. Students will find out more about different types of music, investigate how music is put together, write their own pieces and improve their performance skills both as a soloist and within a group.

All Music students will also benefit from one to one instrumental tuition, delivered by professional musicians free of charge.

BEYOND GCSE

Music qualifications are highly regarded by colleges of further education and employers alike as musicians are trained to work methodically and to be self-disciplined. You may wish to use GCSE Music as a basis for further studies such as A-Level Music or a BTEC course based on performing arts.

You may want to use it as a springboard into other related areas such as Music Technology.

MUSIC TECHNOLOGY

WHAT DOES THE COURSE OFFER ME?

You will learn the skills that will help you to build your own musical arrangements using industry standard software. By the end of the course you will be able to mix musical elements and develop ideas and then use a mixing desk and production software to realise your creation. You will also develop many general skills such as independent learning, team work, planning and time management and problem solving.

WHAT DOES THE COURSE INVOLVE?

Using a hands on approach you will find out how to carefully select and manipulate audio to mix, change pitch, layer crop and combine within your composition so you can arrange and produce your perfect piece. You will also gain experience in recording other musicians, mastering audio and live sound.

This course will ultimately give you the confidence to create great pieces of music and produce high quality recordings, whether you are looking for a hobby or a qualification to help you get into a production career.

NCFE	OPTION
<h3>HOW WILL I BE ASSESSED?</h3> <p>You will have a combination of practical and portfolio based assessments.</p> <p>You will keep a portfolio of your classwork, which will be sent to the exam board as evidence of the work you have covered. Because there are no exams, it is really important that your work is kept up to date throughout the course.</p>

BEYOND GCSE

You could move on to a GCE A Level Music Technology, BTEC ND Music Technology in Production, A-Level Music Technology or a BTEC First in Music.

Possible career paths include: Sound Engineer, Broadcasting, Music Producer, DJ, Performing Arts, TV and Film and Sound Production.

PE

GCSE/TECH AWARD

OPTION

HOW WILL I BE ASSESSED?

Initial six week assessment consisting of:
Practical Controlled Assessment (30%) Examination (70%)

Then pupils will either complete:

1. A coursework based **Tech Award** - which includes **20% Exam 80 % coursework**

Or

2. GCSE Exam based qualification which includes:

Practical Controlled Assessment (30%):
 Three practical areas will be assessed covering the team and individual sports. These are scored out of 30 and makeup 30% of the grade.

Examination (60%):
 Two-hour long exam papers each adding 30% of the final grade.

Coursework (10%):
 Produce a Personal Exercise Plan for yourself and an athlete of your choice.

WHAT DOES THE COURSE OFFER ME?

During the Physical Education course I will learn to:

- Develop knowledge and practical skills in a range of practical activities
- Examine the effects of exercise and how training can improve performance
- Identify ways to develop and maintain a healthy and active lifestyle through participation in physical activity
- Appreciate the benefits of promoting 'sport for all'

WHAT DOES THE COURSE INVOLVE?

The course will start with a six week assessment period after this time pupils will be placed on a pathway that will suit their abilities in PE. This will either be a majority coursework based qualification or a full examination course.

Both courses will require students to participate in both practical and theory based lessons actively.

Within theory lessons students will look at healthy and active lifestyles, learning the anatomy and physiology of the human body and the effects of lifestyles on performance.

BEYOND GCSE

Physical Education is a core subject of the national curriculum.

It can, therefore, be studied at a higher level as a subject in its own right. The skills learnt here link well with both A-Level PE and also to BTEC National qualification. A qualification in Physical Education continues to be a vital tool for all walks of life, and the skills acquired in this subject can be put to positive use in almost all areas of employment.
