

**RAINHILL
HIGH SCHOOL**

RainhillSixth

April 2021

Dear Applicant,

Re: Teacher of Science (Chemistry / Physics)

Thank you for requesting details for the post of Teacher of Science. This is an exciting opportunity for a brilliant teacher. We are looking for an outstanding classroom practitioner, with excellent inter-personal skills and a love of science especially physics or chemistry.

The Science Faculty is an excellent team, boasting a healthy mix of Biology, Chemistry and Physics specialists. The successful candidate will join a hard-working and positive team, where both young teachers thrive and support is valued from experienced professionals. We would welcome both new and experienced teachers to apply for this role. Having joined the team in September 2018, I am always very proud by the level of skill, commitment and enthusiasm consistently shown in the Science Department.

Rainhill High School's mission is 'The Pursuit of Excellence' in everything we do. Our core values are 'Learn, Think, Contribute, Care' and they underpin our high expectations and aspirations for our young people. The Science Faculty takes this mission seriously, and we work incredibly hard to ensure that pupils are given a high quality experience in our subject. Over the last 3 years the Faculty has seen tremendous growth, and you would be joining the team at an incredibly positive time.

Rainhill is a very stable school. We are significantly oversubscribed and have expanded the admission number for Year 7 from September 2017 from 240 to 300. We are the lead school in the Stephenson Trust, and are seeking opportunities for the right schools to join us in our MAT. All of this creates great opportunities to develop further. The school will continue to develop in interesting and creative ways in the future.
